PROFESSIONAL EXPERIENCE

Freelance / Independent Contractor - Web Developer & AI Solutions Consultant *November 2021 - Present*

Independent Freelance & Consulting | Remote Globally

Built responsive websites, client portfolios, email marketing systems, and interactive support tools for international clients. Developed AI assistants and automation workflows for inquiries, repetitive activities, and connected business processes. Integrated Model Context Protocol (MCP), secure APIs, access controls, and human oversight while delivering project-based web development, digital systems, and technical consulting solutions.

AI Engineer / Full Stack Software Developer Lead *August 2025 - October 2026*

Operava | Contract | Remote, Philippines

Led the design, development, and implementation of AI-powered applications, full-stack software solutions, and scalable digital platforms. Translated business requirements into functional software systems, oversaw end-to-end development, and integrated modern AI technologies, APIs, cloud infrastructure, and automation solutions. Worked across frontend and backend engineering, system architecture, database management, API development, deployment, and technical leadership to deliver secure, scalable, business-oriented applications.

Meta Developers Support / English Advisor *July 2024 - October 2026*

Concentrix Malaysia | Full-time | Hybrid, Malaysia

Provided technical support across Meta developer products and platform integrations, including API troubleshooting, application configuration guidance, developer support, Facebook Pixel, and advertising-related workflows. Supported seamless integration and functionality across Meta's ecosystem while applying strong English advisory and client communication skills.

Offshore, Shared Services HR Specialist *January 10, 2022 - May 20, 2024*

Teleperformance USA | Remote

Managed the end-to-end employee lifecycle for a 30,000+ global workforce, executing high-volume onboarding of 70+ agents weekly and processing critical compliance documentation with a 100% audit record. Administered cross-functional tickets for payroll, recruiting, and operations while improving ticketing and onboarding workflows.

Customer Experience Agent *July 29, 2019 - October 18, 2021*

Alorica Philippines (Amazon US/UK Account) | Manila, Philippines

Resolved customer issues involving orders, modifications, billing, cancellations, disputes, and fulfillment delays for Amazon US/UK campaigns under strict SLA requirements across multiple live support channels.
